

STATE OF MAINE
PUBLIC UTILITIES COMMISSION

Docket No. 99-417

July 13, 1999

TOWN OF MADISON DEPT. OF ELECTRIC WORKS
Proposed Tariff to Establish Rates, Terms and Conditions
For Services to Competitive Electricity Providers

ORDER

WELCH, Chairman; NUGENT and DIAMOND, Commissioners

On June 21, 1999, Madison Department of Electric Works (Madison) filed proposed rates, terms and conditions for services to competitive electricity providers. Madison proposed that the rates, terms and conditions become effective August 1, 1999.

Prior to formal filing, Madison presented draft rates, terms and conditions to the standard contract working group established in Docket No. 99-170.¹ Although there was no specific agreement on the terms, conditions and charges, it was agreed that all utilities would use the same basic approach to determining the charges.

On June 23, 1999, a Notice of Filing was issued, providing interested persons an opportunity to comment on the proposed rates, terms and conditions. The Public Advocate filed comments on off-cycle termination, dispute resolution, telephone numbers, and incremental costs. We addressed these comments in our Order Adopting Standard Form Contracts, Docket No. 99-170 (July 12, 1999).

Upon review, we find that the proposed rates, terms and conditions are consistent with Chapters 301 and 322. We will, accordingly, allow the revisions to take effect on August 1, 1999 as proposed.

¹ The primary purpose of this working group was to establish standard form contracts between utilities and competitive electric providers. However, the Commission asked the group to discuss utility terms, conditions and charges applicable to competitive providers.

Dated at Augusta, Maine, this 13th day of July, 1999.
